How Our Bodies Turn Food Into Energy

Regardless of the specific syndrome, every one of us spends our days dealing with unpredictable, unrelenting, disabling, life-changing episodes of inflammation in our bodies. It is a fight to plan events and commit to engagements, as you never know when a flare will strike.

'Our bodies are genetically programmed to turn against us

Bones become brittle and less supportive of our activities, resulting in less activity, which in turn results in poorer health. The excess bone taken up tends to reside in the arteries and local blood vessels, causing decreased circulation. As broken bones occur, less mobilization results in other health hazards.
