Ember's Glow | Race Record & Form | Racing Post

As a consequence a shimmering glow is achieved as the gas flame moves over and then away from the fibrous ember. The effect Embaglow adds to a gas fire is quite dramatic. The glow produced by the fibres is greater than that seen on comparative products, and can be seen on both high and low flame settings.

Embaglow 1g - Glowing Embers for Gas Fires.

The Emberglow Glowing Embers are designed for use with any vented gas log set and help create the look of smoldering wood embers. A simple solution to giving your fire a beautiful and more natural look, when the flames from your fire hit these embers, they glow red like real wood embers.
